Andy Fox, released yesterday, was locked up again this morning for being drunk.

Senator John Sherman passed through here on the N. Y. & O. this morning, on his way to Mansfield.

Sam Root, while asleep along the creek near Bechtel's last Sunday, was robbed of \$3 by Charles and Ed. Peters.

Not a court in town today. The mayor and both the squires are in Washington and Judge White is at Middle Bass.

William Miller was found stealing pears at B. H. Warden's last night, captured by the coachman, and jailed by Officer Croft.

Bill Russell, a frequent inmate of the station house, was again run in last night by Officer Record, for drunk and disorderly.

It is thought that Dr. Marley will be sent to St. Paul's church, Dayton, and that Dr. H. R. Stunt will succeed Dr. Marley at the High Street church, this city.

Mayor Goodwin, together with a large number of our citizens, left for the scene of the terrible storm at Washington, C. H. early this morning.

The Glens-Rennett office has been thronged with callers and pressed with inquiries from all parts of the country wanting additional news that might be had regarding the terrible storm. The supply of papers was soon exhausted, although a large extra number was printed, the Glens-Rennett's account being much more complete and detailed than that of any other paper circulating in the city. It is a great calamity, and the people will need prompt assistance.

PERSONAL.

At the Cincinnati conference, Rev. H. Tuckley, of St. Paul, this city, moved that a committee of three be appointed by the chair to draft and report resolutions appropriate to the memory of General Grant. Adopted.

Bound Over.

The trial of Charles Cummings, created a great deal of sympathy in mayor's court yesterday afternoon. Doubtless the boy never knew the extent of the crime of perjury until the prosecuting attorney remarked during the trial that the smallest penalty was three years in the penitentiary. Four witnesses testified against him, swearing that he climbed the fair ground fence. No witnesses for the defense were examined. He was bound over in the sum of \$400 and remanded in default.

Struck the Wrong Town.

Two young men with their best young ladies, all gotten up in their best array, left the Little Miami depot Tuesday night on the 8:35 train, bound for a dance which their invitations said was to be held at Hall Hall, the town omitted. Now it occurred to these young men that the hall above named was in Xenia and in that direction they turned their faces, when in fact the hall should have been Daytonwards. They reached Xenia only to find that they were no nearer the object of their desire than when leaving home and the realization of their fond hopes had gone glimmering. The only alternative was to remain in Xenia all night or return to Springfield by late train. The boys took to the station, called down malice on the head of a man who would print invitations to a dance without naming his town, and returned home.

BRILLIANT WEDDINGS.

Wedding of Mr. Bert Geiger and Miss Fannie Moore at Fort Smith.

The wedding of Mr. Bert Geiger to Miss Fannie Moore, which occurred yesterday afternoon at the home of the bride in Fort Smith, was an event of great social interest in Springfield, where Mr. Geiger is a member of a very prominent family, and his charming bride is well-known. The handsome Moore residence on Fourth street was decorated for the occasion with lavish taste. At five o'clock in the afternoon the bridal party entered at the west side of the double parlors and the ceremony was performed in the north drawing room, beneath a large floral bell. Rev. Dr. Pratt conducted the service and the bride couple knelt facing the guests. After the service a wedding supper in harmony with the occasion was served. The presents were not on exhibition, but naturally, at such a wedding, they were numerous and costly. Those present from this city were Professor Geiger and family, the Misses Ramsey, and A. N. Summers.

The Mayor Inquest.

In the Mayor inquest this morning the testimony of Conductor Hines was taken, in confirmation of the ante-mortem statement of Hayler to the effect that he saw the flag and turned on the brake. Hines testified that he felt the brake. The evidence of the baggage master is being taken this afternoon.

UNION.

Union, Sept. 8.—Mr. Tom Purcell and family, of Mt. Gilead, are visiting his brother, Geo. W. Purcell.

Mr. and Mrs. William Dye spent Sunday with relatives at Troy.

Mr. Enos Harley has returned from his trip to California.

Miss Flora Hooper is visiting in Dayton this week.

Mr. Tom Purcell has returned from Indiana and will work for Tom Newman.

Miss Viola Mote, of West Milton, spent last week at the home of Mr. Newman.

Mr. Moses Miller, who has been quite sick for some time, is improving slowly.

Master Sammy A. Thompson was severely hurt on the head by a horse-shoe while attempting to pass between the pickers.

Colored camp meeting will commence the 12th of this month at Coble's grove, one mile east of Harrison.

Mr. Tom Purcell was serenaded at the residence of Dr. Thompson, by the Union band.

George Wilson shared eighteen dollars' worth last Saturday. George is a rapid shaver, and don't let this escape your memory.

Mr. John Sheets will commence building his brick house this week. John has built several buildings which have added much to the improvement of the town.

Mr. T. Flack has finished burning his kiln of brick, which contained 240,000, being the largest kiln he ever burned.

The marriageable young ladies of Union exorcised the young men by about 500 per cent. I suppose this is the attraction for those West Milton gents.

The reported change in the location of the postoffice has created a general dissatisfaction, as it is too unhandy and far away from the business part of town.

A lion-looking tramp came to town last Sunday evening, and was kindly furnished with money by Abraham Peters, to pay for his supper and lodging. He said they gave him a pair of shoes and 50 cents in money in West Milton, and then told him to skip.

Dr. Thompson performed a very critical operation upon the eye of the little daughter of Mr. Thomas Purcell. She was very badly afflicted with strabismus, but the operation has caused her eyes to resume their natural position.

Mr. Snyder has taken a young man to raise, and is highly delighted with his new place, as he receives a pig of big kind, a twofold and a stork for being a good boy.

It is really distressing to see some of our young ladies doing their beautiful faces in their efforts to successfully imitate the sticks of rubber chewing gum.

The strength and energy thus wasted would run their mother's sewing machines ten hours a day.

URBANA NOTES.

Death of Mrs. Eliza Bruner.

URBANA, O., Sept. 8.—Mrs. Eliza Bruner, aged about sixty years, one of Urbana's well-known ladies, died this afternoon. Deceased but a night or two since took suddenly dangerous illness. The first night of her illness she was attended by Dr. W. H. Warden, and the morning, Mrs. Bruner lived in Springfield for some time where her husband and son, Charles and John engaged in brick-making. Mr. and Mrs. Bruner were particularly known as enthusiastic supporters of the cause of the colored people, and Mr. Bruner, who has been working at his trade in Texas since last spring, but they have not yet reached home.

The fixtures in the "Annex" saloon on Court street, operated by Stricker & Hart, were destroyed by fire last night, and the saloon was closed for some time.

About a week ago the grocery of Dan O'Connor's son was burglarized in a small degree. Today John Brown, a colored young man about seventeen years of age, who was raised here, was arrested at St. Louis, O., and brought here on suspicion of being the one who did the mischief.

Annie E. Leonard was before the probate court and adjudged insane by Judge Todd.

The trial of Charles Spain and James Carl, of North Lewisburg, for assault and battery on the old man, Patrick Moran, which has been in progress before Mayor Ganson yesterday and today, and which has attracted so much attention, was concluded tonight.

The jury, after being out about ten minutes, rendered a verdict of guilty. The case will go to the supreme court on the point of jurisdiction, the defendants claiming that the mayor has not final jurisdiction in a case of this kind, but, to have the final decision in a case wherein an alleged crime has been committed by the corporation, and the case tried by a jury of twelve, was by the purpose of the law.

The trial of James Carl and Charles Spain, of North Lewisburg, for assault and battery on Patrick Moran (mention of which appeared in yesterday's Globe-Republic) commenced today before Mayor Ganson. The case is a case of the smallness of the mayor's office, the trial took place on the old city hall stage. The jury was impaneled and the entire day taken in hearing witnesses. The case will not go to the jury before tomorrow.

John O'Brien, a thirteen year old lad, was before Mayor Ganson and fined \$10 and costs and ten days in the station house for stealing melons from the patch of Alex. Duncan, a farmer living a few miles north of Urbana.

Eight before last N. Y. & O. R. R. train was broken into and two belts of linen, the same night burglars attempted the warehouse of H. B. Payne, of Miami street. They were frightened off by John Fry, who heard them break a window glass. The would-be thieves fled a round or two at Fry and ran.

Passed by the Council.

The time extracting feed-water heater, placed on trial at the waterworks plumbing house, about five months since by Mr. John J. Hoppes of this city, is giving good satisfaction and is very highly recommended by the engineer and board of waterworks trustees. A favorable report was made by the waterworks committee last evening and council passed the bill directing the board to purchase the heater of Mr. Hoppes for \$675. The value of this invention will be better understood when it is known that a yearly saving to the city of \$400 for coal and water, and about \$1,000 for boiler repairs is effected by its use, by any of the saving in fuel and incidentals.

This heater is constructed upon new and original plans invented by Mr. Hoppes, which has been fully covered by letters patent. Samples of lime taken from the heater at the pumpinghouse are shown in the window of the waterworks office in the Arcade, and attract general attention.
